

NATO VETERANS ORGANIZATION OF CANADA (NVOC)

Our Mission

To speak for modern veterans of the Canadian Armed Forces, in order that they receive the support they deserve from their country.

Our Objectives

1. Advocate to government, particularly through VAC, in order to influence services and programmes for veterans and their dependants.
2. Educate politicians at all levels, community organizations, and ordinary Canadians on the needs of injured, frail and needy veterans and their dependants.
3. Maintain liaison, and when possible collaboration, with other veterans' groups.
4. Maintain liaison with CAF leadership, to be aware of, and give advice on, conditions of service that may affect future veterans.
5. Engage veterans in all regions of the country, seeking their input on issues needing attention, and educating them about their rights and benefits.

NVOC is a federally incorporated organization with a Board of Directors elected at an Annual General Meeting. We have members across Canada. In some areas there are local "Units" which organize social and other activities.

Why should I join the NVOC?

If you support our mission and objectives your membership will strengthen our voice and provide financial assistance to carry out our mission.

The only criteria to become a member of NVOC is to have served or are serving in the Canadian Armed Forces, Regular or Reserve Force.

There is only one class of member for which dues are \$20 per calendar year. You have the option of paying for multiple years.

The simplest way to join is to go to our website:

<http://www.natoveterans.org>

and follow the joining procedure. You can even pay your membership online if you wish.

Alternatively, cut off the attached membership form and mail it to:

**NVOC Membership
